U.S. Environmental Protection Agency
1200 Pennsylvania Ave., NW
Washington DC 20160

Subject; 2019 Targeted Airshed Program, EPA-OAR-OAQPS-20-01

To whom it may concern:

REACH is Klamath County's premier provider of employment and employment services for people with disabilities and other barriers to employment; we were established in 1968 to provide services primarily to one of the county's most vulnerable population segments, those who experience intellectual and developmental disabilities and have expanded services to include anyone with a barrier to employment.

REACH has worked with Klamath County Public Health and find them to be excellent defenders of our residents and their health needs. We are in full support of their application for this Targeted Airshed Grant and urge you to fully fund it.

The management and staff at REACH Inc. understand the importance of air quality and recognize the challenges that this area faces as it addresses the issues. REACH pledges it's support to this program in any way possible.

Ron Moe
Executive Director
REACH Inc.
